# COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) City of Millville, New Jersey 2015-2016

Program Guidelines for Community and Neighborhood Development

#### I. OVERVIEW

The City has been receiving funds since the program was initiated in 1975. To be an eligible activity, a program must meet one of the three national objectives:

- Directly benefit low and moderate-income persons
- Eliminate slums/blight
- Urgent need (flood, earthquake, etc.)

No more than 15% of our entitlement can be designated for public services. No more than 20% of our entitlement can be designated for planning and general administration. At least 70% of the funds must be expended for activities that directly benefit low and moderate-income persons. The City has traditionally used the majority (55%) of the CDBG funds to operate the housing rehabilitation programs.

#### II. Goals and Mission

The purpose of the community and neighborhood development program is to leverage all available resources and partnerships to make Millville a viable urban community by providing decent, affordable housing and a suitable living environment for low and moderate income residents. The CDBG office will work with nonprofit community and neighborhood groups and associated residents, neighborhood partners, public service agencies to plan, develop, and invest in projects contributing to the 2015-2019 objectives of the CDBG Consolidated Plan.

Every five years, the US Department of Housing and Urban Development (HUD) requires CDBG-funded communities to complete a Consolidated Plan. This plan reflects the strategic priorities of the City's program and allocated resources to achieve the goals. Copies of the Five Year Plan are available for public review in the CDBG office and on the City website. All funded projects must reflect the goals and priorities of the Five Year Plan.

## III. Primary CDBG Goals and Programs

The primary CDBG goals and programs reflect the City's preferences for the expenditure of CDBG resources. These preferences are based upon input and assessment by community members of the needs of our low and moderate income population.

#### IV. **PROGRAM YEAR ACTIVITIES**

Each year, a new CDBG program is developed based upon input received from the public hearings, interested citizens and local agencies. Under the Consolidated Planning Process, the city has an Advisory Committee that meets in the beginning of the calendar year to provide input as to community needs. The needs are then prioritized to reflect community concerns. The public hearings are just one means of obtaining viewpoints and information on the types of programs that are being operated in the community and the level of need for these programs.

The City accepts proposals from eligible CDBG service providers in March of each year. The proposals must be completed and presented the first CDBG Public Hearing. This is the only time of the year in which the City accepts applications. An application must be submitted each program year to receive a CDBG funding allocation.

All projects must conform to the US Department of HUD's criteria for the expenditure of CDBG funds Projects must:

- Service low and moderate income persons
- Utilize minority business enterprises
- o Promote affirmative action, non-discrimination and equal opportunity in each of the assisted programs
- o Comply with physical accessibility standards
- Minimize negative environmental impacts
- Reduce lead paint hazards
- o Minimize displacement in acquisition or rehab projects
- o Promote the goal of fair housing and fair housing choices

In addition to CDBG funds, the City receives approximately \$165,000 from the HOME program. These funds have been utilized to provide housing rehabilitation and acquisition funds citywide and to assist AHOME. This year, the city will be contributing our HOME funds to Habitat for Humanity for development of affordable housing.
